New Business -Electrical Exams

The Electrical Inspector will email to Commission members, Mat Stafford and Steve Burns a Master's exam and answer key, a Residential exam and answer key, and the proposed questions. Comments and review are encouraged **PRIOR** to the next Electrical Commission meeting.

At the next meeting, the exams will be reviewed by the Commission, using the projector in Council Chambers, with a goal of finalizing one Master's exam and one Residential exam with updates.

At the August meeting we will project the exams, suggested questions, comments on the screen, and go through them. Hopefully at the end of this August meeting we will have one Master's, and one Residential exam ready with updates.

Retiree License Designations - will be marked with * next to the license holder's name.

2020 NEC – exams need to be updated before these code requirements can be enforced.

Next meeting will be August 4, 2021, at City Hall at 4:00 p.m.

Moved by Dan Kline, second by Andy Borkowski to adjourn the meeting.

Respectfully submitted,

Tim Aussem
Electrical Inspector
