(contact for info)

Old Business:

City received a \$10,000.00 grant for tree replacement. \$8,000.00 has been spent on new trees. Tree choice and planting location was decided without input from Tree Board.

New Business:

New tree choices, planting locations, and a general tree care program including directions for planting, pruning, watering, and herbicide usage were discussed.

Send email to Commissioner Pearson inviting her to the August Tree Board meeting.

Consider establishing city-wide volunteer appreciation recognition to acknowledge their value.
